INTRODUCTORY COMMENTS

The specification has been amended to overcome the objection to the drawings under 37 CFR 1.83(a) with regard to the absence of reference numerals 10'' and 20''.

- 5 The specification has been further amended to correct an informality indicated by the examiner. Claim 17 has been amended and claims 21-24 have been introduced. Arguments have been made for those claims rejected. No new matter is introduced by the amendments, and consideration of all amendments is politely requested.
